

ShowingTime Go and Show Appointment Type for Open House/Broker Tour

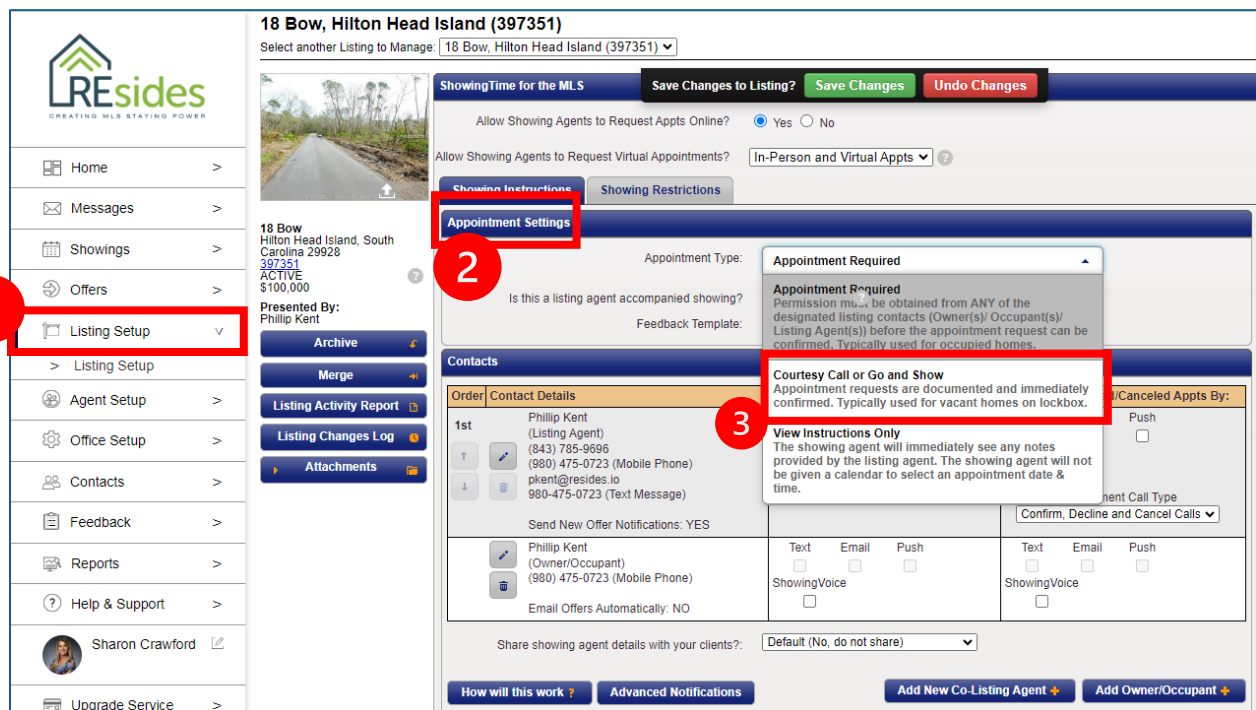

What does the Courtesy Call or Go and Show Appointment Type mean?

The Auto-Confirm (Courtesy Call* or Go and Show) Appointment Type means that appointment requests are documented and immediately confirmed. While not required, listing contacts can be enabled for courtesy calls if needed. It is typically used for vacant homes on lockboxes.

**ShowingVoice must be enabled as a notification option to receive a courtesy call for Go and Show listings.*

Go and Show is the BEST PRACTICE for Open Houses and Broker Tours.

With the mobile app or website, you can change the **appointment type** for your listings at any time, even to Appointment Required when listing contacts must be notified before an appointment is confirmed.
